

Medicare Supplement Plan G

Medicare Supplement Plan G is a good fit for people who want some coverage for hospitalization, but are willing to pay the Part B deductible on their own.

Medicare Supplement Plan G covers:

Basic Medicare benefits including

- Hospitalization: pays Part A coinsurance plus coverage for 365 additional days after Medicare benefits end
- Medical Expenses: pays Part B coinsurance — generally 20% of Medicare-approved expenses — or co-payments for hospital outpatient services
- Blood: pays for the first three pints of blood each year
- Hospice: pays Part A coinsurance

In addition to the basic benefits, Plan G also provides coverage for:

- Skilled nursing facility care
- Medicare Part A deductible for hospitalization
- Medicare Part B excess charges — 100% (this is the difference between what a doctor or provider charges and the amount Medicare will pay)
- Travel-abroad medical emergency help
